

## Mini Crawlers

Used Mini Crawler Anaheim - We have designed many programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who needs re-certification or certification, and for inexperienced operator who is looking for a job in the business. Positions for crane operators are in demand due to their high pay. Crane operators are amongst the highest paid of any heavy machinery operator. Our Crane Operator training offers instruction for a variety of mobile cranes. Course subject consists of Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Load Charts, Rigging, and Signaling. The program is most suitable for crane operators, riggers as well as their supervisors. The materials included in the course would consist of a manual and lots of useful handouts. The safety manual that is illustrated consists of 100 to 250 pages, which depends on the course, of important and useful material. Course materials include load charts and load chart exercises for the crane with which the person training is working. More than half of the course comprises Hands-On Safety Training. Practical training is helpful for increasing and developing personnel skills levels. Just certified journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of business experience. For all the course we offer, we could include optional testing mechanisms to customize your training. A test for skills is normally administered for programs which consist of H.O.S.T. Trainees will be graded and tested. Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; Certification & Testing; and In-The-Seat Training. As the new business requirements emerge, the industry standards of practice also change. The industry sees constant updates to legislation and regulations, in addition to equipment and technology improvements. Industry data collection and analysis identify changing trends. Members maintain the advantage of managing their certifications and training programs. Mobile device alerts keep members ahead of workplace and personal safety news.
